

BENTLEY 3 1/2 LITRE PARK WARD SPORTS SALOON

Year : 1936

£0.00

Finished in Claret over Air Force Blue with contrasting grey hide interior.

This lovely Derby Bentley by Park Ward is a sound and correct car , it is very well presented and a very honest example. The cheerful two tone colour scheme is very appealing and the interior hide to the front seats is soon to be re upholstered whilst the rear seating will be re addressed to match.

The Burr Walnut dash board and other wooden fixtures and fittings are in a very good condition and have been maintained and looked after very well. The large sunroof is in good working order and only helps to enhance the cars sporty appeal.

There is a large history file to accompany the car including a very thorough restoration programme it underwent in the 1990's. There is also very detailed documentation for both engine and auxiliary reconditioning which include the fitment of a new cylinder head and accompanying components in 2004. There is a collection of photographs which detail the cars restoration programme and many other invoices and receipts that document the care and attention that has been bestowed upon this very sound example.
