

ROLLS-ROYCE CORNICHE

Year : 1981

£89,950

Finished in Nutmeg over Silver Sand with Twin Nutmeg Fine Coach Lines, contrasting Beige hide interior piped in Nutmeg, Nutmeg top roll & hide bound steering wheel. Beige Wilton carpets and Nutmeg Lambswool over rugs. Currently sporting the later 16" alloy wheels.

This is one of the rare and sought after 50,000 chassis range final series Rolls-Royce Corniche coupés to be built. With mineral hydraulic and braking system and as part of the ongoing maintenance this car has received the SU carburetor, later rear suspension levelling system and Lobo drive shafts upgrades.

This outstanding motor car is presented in the most superb and faultless condition, having been fully restored and maintained regardless of expense to Concours condition by ourselves since 1995, partaking in many RREC European tours with proven reliability.

An extensive history file and portfolio accompanies the vehicle with receipts and invoices dating back many years, RREC Concours trophies and rosettes, providing a superb insight and history log confirming the attention to detail that has been lavished upon this fabulous motor vehicle. Also, a set of the original 15" wheels and hub caps should you wish to return to the original wheel specification.

A viewing is strongly recommended to fully appreciate the condition and provenance of this fabulous motor car.
